

HEALTH CARE PERSONNEL

The bearer of this document provides direct homecare services in a Pennsylvania Department of Human Services' funded program delivering critical personal care and other health care services to older adults, individuals with disabilities or individuals with complex medical needs. Direct care workers are essential front-line healthcare personnel.

On December 30, 2020, the Pennsylvania Department of Health issued an order to ensure non-hospital affiliated health care personnel who are eligible in Phase 1A can be vaccinated by pharmacies or other vaccine providers.¹

This employee is eligible to receive a COVID-19 vaccine in Phase 1A as non-hospital affiliated health care personnel.

Thank you for your assistance.
